

Legends of Kalidasia – Surakari Frigate Variations

With this set, instead of constructing a Surakari Frigate Prime, You can construct one of the alternate variations – A Plasma Missile Boat or an Anti-Missile Frigate.

Step 1) Start with the Surakari Frigate Prime Model and the Upgrade Kit

Anti-Missile Frigate	Plasma Missile Boat
 <p>Step 2) Glue the armor upgrade on the top of the hull and then glue the new weapon battery on top of the armor upgrade.</p>	 <p>Step 2) Glue the armor upgrade on the top of the hull and remove the beam weapons with a pair of metal clippers. File down the barrels until they are even with the hull.</p>
 <p>Step 3) Glue two of the pewter plasma cannons to the bottom of the frigate's hull.</p>	 <p>Step 3) Glue the Missile Batteries on to the where the beam gun barrels used to be. Then, glue the normal prime turret to the armor upgrade and glue one plasma cannon to the middle of the turret.</p>

Step 4) Follow the normal base assembly instructions.
